

Covid-19 pandemic has taught us One Great Lesson -- no amount of money, no amount of power and no level of status is any good for surviving in these kind of Pandemics. It has brought about a change in our thought process, lifestyle and behavior. It has made us understand that more the simple our lifestyle (grounded in nature) is, more we are stronger to face such adversaries. Only our health and immunity can sustain us in these conditions.

Important Information :
